The HOME Coalition
formally invites you to attend the

Building HOME Congressional Briefing

Wednesday, October 28, 2015
Capitol Visitors Center—Room SVC 203
2:00 P.M. to 3:00 P.M.

Sponsored by Honorary Hosts Sen. Patrick Leahy (D-VT) and Sen. Chris Coons (D-DE)

The HOME Coalition will share findings from its new report, “Building HOME: The HOME Investment Partnerships Program’s Impact on America’s Families and Communities,” which will be officially released at the briefing. Practitioners will also discuss how HOME is used to attract significant public and private resources to build and preserve affordable homes locally.

This first-of-its-kind report analyzes the program’s economic impact in all 50 states—including job creation and local economic activity—and features more than 100 HOME Success Stories from communities across the nation.

Congressional staff will receive information about HOME’s impact in their state and examples of HOME Success Stories.

To RSVP, please email Devian Wilcox at dwilcox@enterprisecommunity.org.

Learn More About The HOME Coalition

The HOME Coalition is comprised of about 40 national organizations—ranging from housing developers, state and local government agencies, and advocates. It is exclusively focused on restoring HOME Investment Partnerships program funding.
